

SABLON – THE DISTRICT OF ARTS AND SHOPS

Are you looking for a venue where you can organise or take part in an event?

Do you wish to organise this event concurrently with another event in the field of Antiques, Modern Art or Design held in the Sablon or in Brussels?

Do you wish to host your preferred customers and keep a foothold in our fine capital for the repercussions of major exhibitions?

Or do you simply wish to promote your artists or products?

At the very heart of the Arts and Shops district, a gallery geared to events, will place at your disposal a strategic venue, a magnificent facility of more than 100 m², with a window to showcase the works presented in an exceptional manner.

We offer very attractive conditions for periods ranging from a week to 18 days:/3 weekends.

A highly qualified person in the arts will be on duty to provide greater time flexibility as well as considerable support to exhibitors.

The original structure of the gallery also makes it possible for several professionals to share the space, thus reducing considerably for each the expenses incurred for this type of event, while providing maximum presentation value for their merchandise.
